

## **Nijmegen, Netherlands**

Dear Flyers,

Just a few days to go for the 7th International Indoor Fly In. In this bulletin you will find some last minute information, due to some questions I got via email. Important: During the weekend the organisation will be reachable by phone on number +31 6 48938502

### **Tables and chairs**

For all the flyers we will have a table and a chair available. No need to bring one yourself. If you need an extra chair for your partner/friend please let us know in the hall. Try to keep the tables clean and free of glue and other residu.

### **Clothing**

The weather forecast shows that it will be a bit cold outside. Because the ventillation and heather is switched of in the hall it can become a bit cold. Please bring some warm clothing with you in the hall.

Because we are walking directly on the gym floor, please make sure you bring some sporting shoes or shoes with light coloured soles.

### **Friday session**

After the Friday session you can leave your models and tools in the hall. Please make sure you take your personal effects with you. **After the hall closes there will be no more access possible until the next day.**

There is no possibility the have dinner or food at the hall on Friday. So make sure you have your reservation for a restaurant or dinner at the hotel beforehand.

We would like to ask you to put your models (F4D/F4E, F4F & Pistachio) at the judging tables at the end of the Friday session. This way we can start judging on Saturday as early as possible.

There will be short briefing on Friday around 16:00 hours. It is going to be busy on Friday. We don't really want to have a timetable for the Friday, but if needed we will make one during the session.

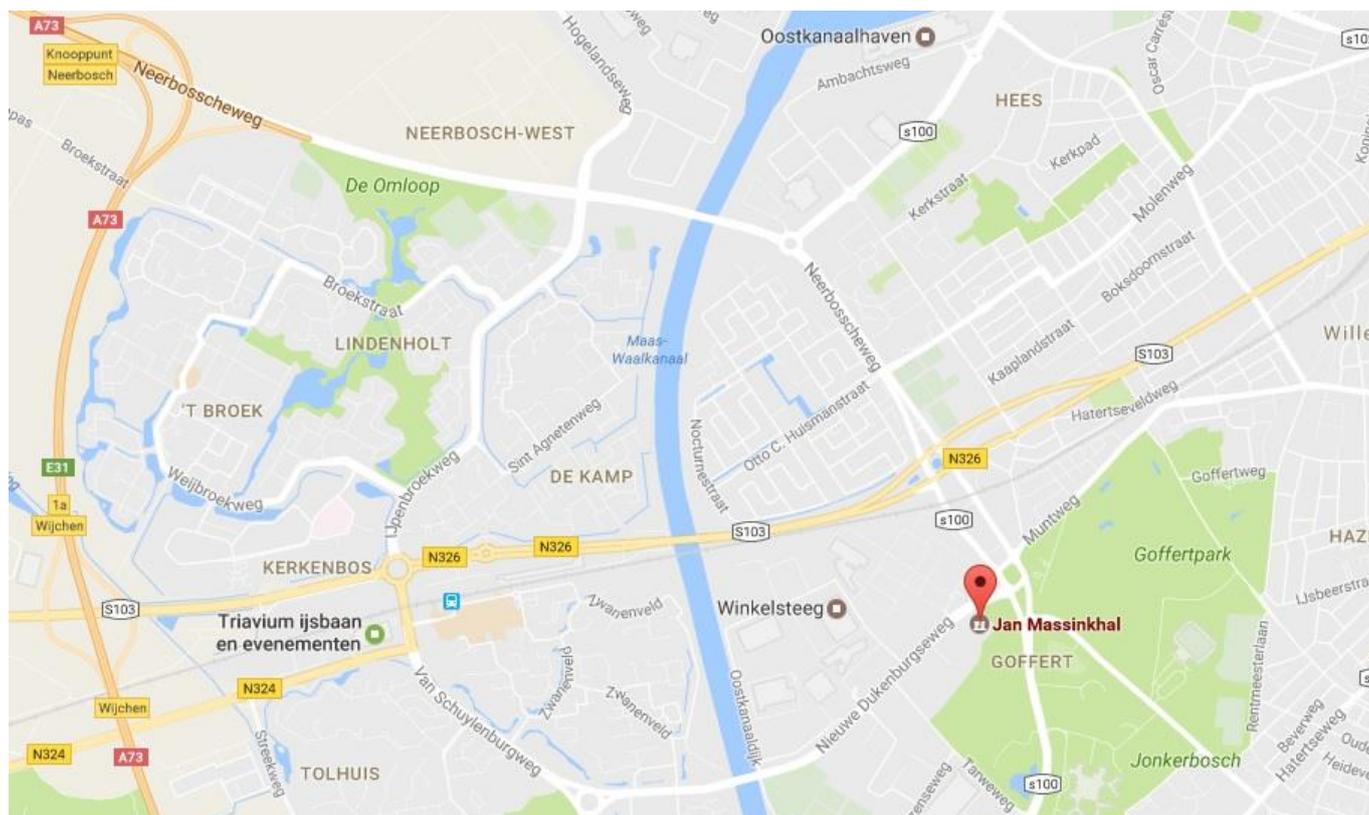

### **Timekeeping**

We want to ask the scale flyers to help time the duration flyers and the duration flyers to time the scale flyers. For the F1N session we need timekeepers so if you want to help, let me know.

## How to reach the Jan Massinkhal

The Jan Massinkhal is easily reached; it is located at the edge of one of the main roads through Nijmegen. When arriving by car please use the following address:

Jan Massinkhal  
Nieuwe Dukenburgseweg 5  
6534 AD Nijmegen

See you 10, 11 and 12 November in Nijmegen!

Kind regards,

Bernard Bruins  
Luis Bautista  
Larissa Bruins  
Gerard Brinks  
Roel Lucassen  
Gert Brendel  
Wout Moerman

Nijmeegse Luchtvaart Club
