

Nijmegen, Netherlands

Dear Flyers,

Important: During the weekend the organisation will be reachable by phone on numbers +31648938502 (Bernard) or +31612396566 (Roel). You can also use Whatsapp to contact us.

!Please read this bulletin it contains important information!

Due to unforeseen circumstances beyond our control we are forced to change the Friday schedule quite a bit. Unfortunately a double booking with the hall reservation has occurred, which left us with 2 choices:

Either we need to cancel the Friday entirely or we change the schedule to the evening. We chose the last option so we can fulfil our obligation to all the flyers and have a trimming session on Friday. This means we will be starting at 18:00 with entering and registration and we will fly until around 23:00.

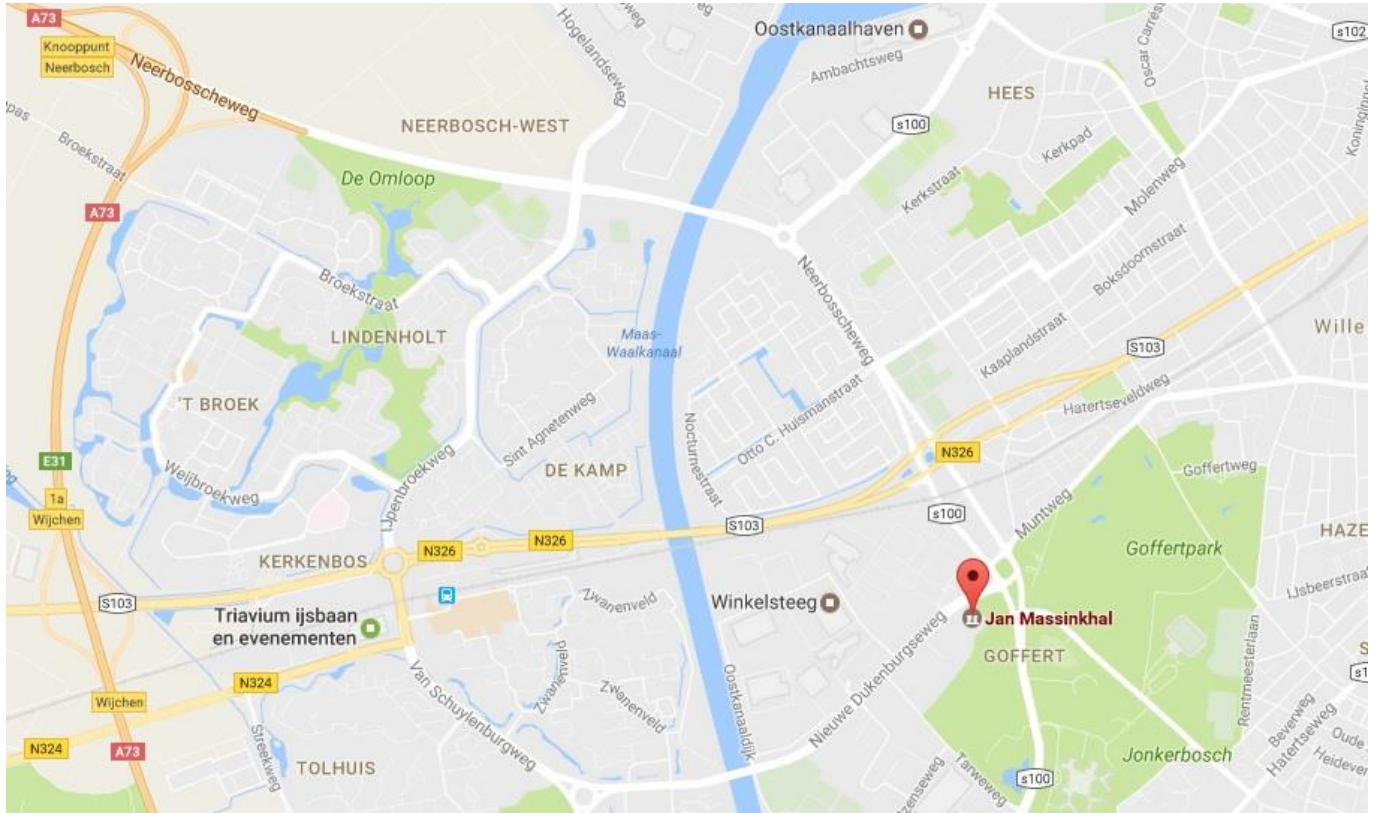

We realise this is not the best time dinner wise. Please make sure you either have dinner early/before or bring something to the hall. Below you can find the revised schedule. The rest of the timeslots will stay the same.

Please accept our deepest apologies for any inconvenience.
